STAT

Mr. Bang

These papers have been in General Carter's office for some time (according to Executive Registry). Yesterday, however, they were returned to ER from the DD/P with a covering memorandum by Mr. Karamessines which begin, "Ac- to your request...". Apparently, General Carter at some time handed the papers to someone from the DD/P's office.

They are now in Mr. Kirkpatrick's office with the covering memo from Karamessines on their way to General Carter.
